CLUB NEWS

Fun Run--Biggest and Best Fun Run Yet--A beautiful day, a fast pace, and a great turnout marked the running of the 13th NASA Intercenter Two-Mile Fun Run. Over 250 people finished the course, with good representation in all age groups, and a lot of terrific teams. This is the largest number of participants ever at Goddard, and should put the Center in a very competitive position relative to the other NASA installations. The complete Intercenter results will not be known until sometime in May, since the official window for holding the event extends until April 30. We will be hard to beat! The Goddard Running and Orienteering Club wishes to thank everyone who ran, jogged, walked, or served as a volunteer. GROC is also very appreciative of the help given by the Security and Health and Safety Branches, and the Plant Operations and Maintenance Division, without whose cooperation and assistance the event could not have taken place. We apologize to all runners for any confusion caused by the discrepancy between the unofficial times called out over the loudspeaker and correct times as recorded for each finisher on the official timing device. The finish order was not affected. The full listing of race results is available for examination at the Health Unit Fitness Lab. The top ten finishers among the Goddard men and women are listed below:

FEMALE

1.	Dorothea Nase	12:37
2.	Claire Parkinson	13:34
3.	Bev Hartline	14:25
4.	Hilary Cane	14:39
5.	Kate Smyth	15:45
6.	Mary Esfiandiari	15:57
7.	Jean Folse	16:16
8.	Dawn Elliott	16:53
9.	Viginia Kalb	17:12
10.	Therese Silvent	17:38

MALE

1.	Ned Poffenberger	9:33
2.	Ed Boggess	10:31
3.	Tom Nolan	10:53
4.	Bob Cheney	11:10
5.	John Sissals	11:22
6.	Richie Weiss	11:24
7.	Dan Mandl	11:33
8.	Chuck Naegeli	11:41
9.	Tom Fornoff	11:44
10.	Bob Phillips	11:46

The team competition was enlivened by a challenge by Headquarters, who fielded an excellent team consisting of Jesse Garves (11:00), Robert Wojtal (11:50), John Madison (11:51), Tony Diamond (11:55), and Jim Bevis (12:08), but Goddard's "Leading Edge" was equal to the task and finished in first place. The team score is the sum of the place positions of the first 5 finishers of each team. The team standings are:

Points

1.	Leading Edge	64
2.	NASA HQ	76
3.	Solar Strollers	114
4.	Dottie and her Chasers	259
5.	Landsat-D	307
6.	The Quality Team	357
7.	Speed N Snooze	587
8.	Bad Weather Bunch	686
9.	Unitrax	786
10.	Security	920
11.	The Happy Hoofers	1133
12.	Chariots of Fire	1192
