Goddard Running and Orienteering Club (GROC)--Goddard is off to a fine start in the 12th NASA Intercenter Running competition, with 214 runners, joggers, and walkers completing the 2-mile Fun Run on October 7. The 10 km event drew 60 participants. The window for all the Centers to have completed their races extends until November 17, so the Intercenter results will not be available until some time after that. Goddard runners who want to enter but missed the formal races have until that time to submit an official time from any recognized race over a certified course to Gincy (X6666) at the Health Unit Fitness Center. Congratulations and thanks to all who participated and helped out. The top finishers were:
