“Aviation Photography”

Presentation by Club Treasurer
Scott Hull

Have you seen the website?

The GSFC Photography Club has a new website! Please feel free to stop by and see the latest club news, upcoming events, the photo club flickr page and membership information.

<http://gewa.gsfc.nasa.gov/clubs/photo/>

EVENTS & OUTINGS

- Club Treasurer Scott Hull will be attending the [Andrews AFB Open House/Airshow](#) on May 19th. If you too are planning on attending or are interested in attending the airshow please speak up at the next meeting.
- [GSFC Architecture Photo Safari!](#) Have you ever noticed the architecture around center? Club member Andrew Wohl would like to lead a photo safari with a focus on the center's architecture. If interested please let Andy know at the next meeting.
- [Did you get some great shots of the Shuttle fly-over? Capture a great image of the Supermoon? Photographed any of the wildlife around center this spring?](#) Well if so share them with your fellow members on the Goddard Flickr site!

In other news...

Celebrate Goddard Day is **June 28th 11a - 3p**

We are looking for volunteers to man the booth, offer expertise and show off some of their artwork! If interested in participating please contact Sydney Cain.

Sydney.cain@nasa.gov

Due to the high volume of artwork received last year, we are asking members to pick their best 2 prints and/or 2-3 digital prints, for the photo gallery display.

If you or someone you know has a digital frame that they would be willing to lend for the day, the club would be much appreciative.

Photo Club Sharing Sessions

Club member Fran Stetina is organizing additional monthly meetings for photography club members to show off their work. Each meeting may be focused on a particular outing and/or theme (e.g. Luray Caverns, Flowers, Architecture, etc.) If interested please speak up at the next GSFC photo club meeting so Fran can start planning the 1st meeting of the series.

Intro to Photography 102

Post Processing

We are considering a follow on series of Introduction lunch and learn sessions, to address post-processing. The idea is 1-3 hands-on classes to delve into a basic understanding of editing software and its uses.

The conversation will be started at the May meeting to determine interest, and which software tools to include.

Executive board:

President – Nancy Rosenbaum * Vice President – Bob Peters * Treasurer – Scott Hull * Secretary- Sydney Cain *
* Webmaster – Anne Koslosky *

Reminder: If you know someone who would like to become a member of the GSFC Photo Club for the 2011/2012 club year please direct them to the website to complete a membership form and inform them of the annual dues of \$5.
