Curves

Arcs, bends, bows, arches, spirals, curls, ...

Light City – Baltimore 4/17 or 18

Field Trip to catch the installations at and around the Inner Harbor. Details of the happening are at <https://lightcity.org/> Gather around 7 PM near the Solar Power Solar System (just north of the MSC) Sun sets at 7:45. Could be cold – dress appropriately. Allow about 2 hours to cover the large installations. Contact Karen Smale (Karen.smale@nasa.gov) if interested.

Future Snap & Shares

Upcoming Snap & Share topics include

- Curves
- Sunrise/Sunset
- Nighttime

Get out there with your cameras in the coming months to capture new images in these themes! **Photos in the Snap & Shares are eligible for the Exhibit in Building 1.** That exhibit will be expanding so your opportunities for display will double!

New Club Resource

In addition to the photography education DVDs, ColorMunki calibration tool, and green screen, we have recently added a **ColorChecker Passport** photo balance card. This allows you to white- and color-balance your photos precisely. See Scott Hull to borrow any of these items.

Save the Date: Picnic!

May 9 (with a rain date of May 10). Save the date on your calendars and consider volunteering for food and paper products purchase (costs are reimbursed!).
